

Britain First begging again

****PAUL GOLDING TO STAND FOR MAYOR OF LONDON****

Fellow Britain First patriot,

These are exciting times for our rapidly growing movement.

Britain First is without doubt the "last man standing" of patriot organisations in the UK.

Everyone else has melted away and all those years of hard work and sacrifice has paid off.

Although the last four years have been tumultuous, we are only just getting warmed up.

Our pro-EU, Islamist-loving opponents haven't seen anything yet!

They think they can get away with ruining our country, turning us into a Third World country, giving away our homes, jobs and heritage, but they will face the wrath of the Britain First movement, make no mistake about it!

We will not rest until every traitor is punished for their crimes against our country.

And by punished, I mean good old fashioned British justice at the end of a rope!

CRIME

How very 18th century! Britain abandoned these policies for a reason... they don't work!

- Implement a radical reversal of the legal and policing focus on the "rights" of criminals and its replacement with the traditional focus on putting the victims of crime first;
- Greater use of National Service for habitual offenders;
- The restoration of Capital Punishment for paedophiles, terrorists and murderers;
- Make prisons a place of hard labour rather than cosy holiday camps;
- Introduce the use of "chain gangs" to provide labour for national public works;
- Free the police from politically correct restrictions and unnecessary bureaucracy;
- Implement new laws guaranteeing citizens the right to protect their own homes.

If they think they can spend their careers trying to eradicate and dismantle our nation, they can think again!

Britain First is more than a normal, political party - we are a "Declaration of War" against the establishment, the vested interests behind the scenes, the crooked, corrupt politicians and the media brainwashers.

Britain First begging again

They will all endure a "Day of Reckoning" for their crimes and treachery and we will deal with them in the same way our ancestors dealt with them: through Traitors Gate at the Tower of London!

The spirit of our ancestors is rising from the ashes in this movement, we must do them proud, emulate their courage, their conviction and fierce unyielding love of Britain.

We are mighty, bold, proud and strong and we will stop at nothing to take our country back.

Let them come at our movement with the fires of Hell, we will not buckle, back down or turn the cheek, we will fight, struggle and keep going until our nation is saved.

We fear no enemy, not Islam, not the politicians, the Left, the media liars, let them launch their assaults on us, we are ready and poised for battle.

A great wave of patriotism is sweeping Britain - people are fed up, annoyed, despondent and angry at the state of the country and what our corrupt masters are doing to it, and they want a solution.

<p>"THERE IS NO 'MODERATE' ISLAM" - BY JAYDA FRANSEN (AUGUST 15, 2015)</p> <p>One of the most common questions I am asked, especially when being interviewed by the predominantly leftwing media, is as follows:</p> <p>"The people who commit acts of terror are extremists, they are a minority, why do you oppose Islam as an ideology when the majority of Muslims are peaceful and moderate?"</p> <p>Here's my answer:</p> <p>Islam was created by an extremist.</p> <p>His name was Mohammed and he was a mass murderer, rapist and a pedophile who instructed others to mercilessly kill anyone who did not accept him as the 'Messenger of God'.</p> <p>According to Islamic scripture, Mohammed is the 'perfect human'.</p> <p>So here is my question:</p> <p>How on earth can all of these so called 'moderates' believe that a man who murdered and instructed others to murder innocent people is the 'perfect human'?</p> <p>I am yet to be given an answer to those questions other than the generic Muslim response to anything that exposes Mohammed's vile behaviour: silence.</p> <p>By now I am sure we have all seen photographs of ISIS carrying out public executions, stonings, lashings, cutting off people's hands etc.</p> <p>I am also sure it has not escaped everyone's attention that there are always crowds of people standing round watching and often cheering.</p> <p>According to the reasoning of our government, the leftwing and, indeed the majority of Muslims - the people watching and cheering are moderate Muslims.</p>	<p>A collection of quotes from Nazi propagandist and editor of Der Sturmer - Julius Streicher ...</p>  <p>"Do you not know that the God of the Old Testament orders the Jews to consume and enslave the peoples of the earth?"</p> <p>"Christ was a Jew, and God, he is supposed to have made the universe. That's a little far-fetched because if God made the world, who made God?"</p> <p>"You are blinded and you serve the God of the Jews, who is not the God of love but the God of hatred. Why don't you listen to Christ Himself, who said to the Jews: 'Ye are of your father the devil!'"</p> <p>"But it is a fact that within Jewry there exists a sect which engaged in these murders."</p> <p>"The victory will be only entirely and finally achieved when the whole world is free of Jews."</p> <p>"The communists pave the way for him (the Jew)."</p>
--	---

For four years the establishment, the Left, the media, even other so-called "patriot" groups, have thrown everything but the kitchen sink at Britain First to try and halt our advance, but we have powered through and now we stand on the frontline alone.

We will emerge victorious in this conflict, make no mistake about it, we cannot and will not be beaten.

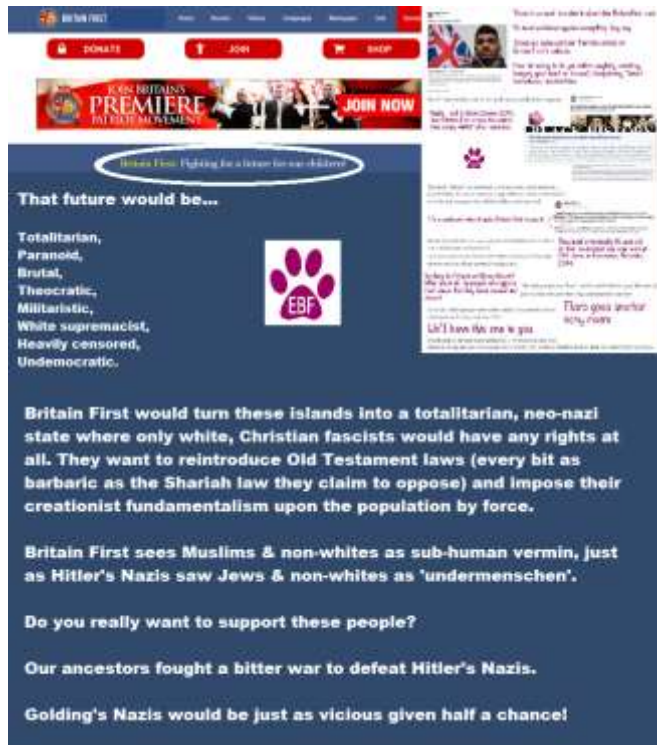

The reason we are posting this is because we have an historic announcement to make.

Next year, May 5th 2016, London elections for a new mayor and assembly will take place.

I am pleased to announce that Britain First leader Paul Golding is going to be standing for Mayor of

Britain First begging again

London!

The decision to contest these elections was taken recently by the "Standing Committee", the governing body of Britain First after an exhaustive consultation dealing with costs, potential reach, campaign activities etc.

The benefits to standing in the London Mayoral Election will be immense:

Each Mayoral candidate is entitled to a two-page spread in a booklet that is delivered to 10 million people in London, 45% of which are still ethnically British.

Each Mayoral candidate will no doubt receive a lengthy Daily Politics interview and a plethora of other high profile media attention.

Contesting this election will cement Britain First as a powerful force on the "Right" of politics and will massively increase our public profile.

This is a great opportunity for us to get our message across to millions of our fellow Britons in some of the worst areas of London.

It will guarantee at least five months of intensive media interest and coverage.

It will massively reinforce our Britain First "brand".

It will also cement us as an electoral party rather than just a street army.

It will be great PR: big rallies in Trafalgar Square and Downing Street, a renewed offensive against Islamic extremists in London etc.

The "Old Gang" parties in London are already jockeying

Take a look at the 'Master race'. Take a good look.

This was Britain First marching through Dudley in 2015. They came from the South East to protest about a local Mosque that was actually none of their business anyway.

Would you trust any of these people to make good decisions for Britain? Really? Would you? Think about it.

They stole their policies from Nazi Germany. Their idea of citizenship is all about 'race' and 'religion'. Their answer to multiculturalism is 'expatriation'. Their leader is former NF & BNP. Their deputy leader is a former EDL 'Angel'. They intimidate political adversaries & threaten the press. They steal from veterans' charities. They hijack and abuse the memories of dead heroes. They lie and cheat to stir up racial and religious hatred.

Let's face it - they're Nazis!

Would you trust these people with your country's future?

Really?

Would you trust these people to make good decisions for Britain?

Really? Would you?

Say no to Nazism

for the "ethnic" vote and no one will be "banging the drum" for our people, the British people, who have been forced out to the suburbs by mass immigration.

Labour has chosen a career politician Muslim with strong sympathies for his fellow radicals and extremists, Sadiq Khan.

As the BBC reported in 2013: "A British man who spent eight years fighting extradition to the US has pleaded guilty to terrorism charges. Babar Ahmad, 39, from south London, admitted conspiracy and providing material to support to terrorism and faces up to 25 years in jail. He admitted the offences in a plea agreement hearing in a federal court hearing in New Haven, Connecticut."

And who was it that was a prominent and vocal cheerleader for the Free Babar Ahmad campaign? Yes, Sadiq Khan.

The BBC describe Ahmad as "the godfather of internet jihad": "He was a pioneer when it came to using the web as a tool of jihadist propaganda. If you wanted to find the face - and voice - of Generation Jihad, it would be Babar Ahmad."

Yet Khan calls him a "friend".

These are the types of "candidates" the Old Gang of Labour, Tory and Lib-Dem are putting forward to lead the greatest city in Europe.

Of course it's about race!

It didn't take a 'major effort', Paul. You were all for it until the High Court made you surrender!

Even radicalised white communities at the sharp-end would be disgusted when they find that the tactical geniuses who kicked off the trouble and then beat a hasty retreat have neither the intention nor the capability to provide the leadership which such communities would need to survive once the police and army lose control.

The only outcome is the end of patriotic resistance in all forms in this country.

Some of the people currently being approached by the authors of this "cartoons plot" may be so desperately worried about the Islamist threat that they may be inclined to listen with sympathy to the arguments about "bring it to a head while there are enough of us to win" and "the trouble will be so bad that it will force the police and army into our side."

But for the reasons set out above it won't work out like that and it is as suicidal as it is immoral and major efforts have been made to draw Britain First into it.

Indeed, it is so insane that, there has to be a serious

Well, rest assured, Paul Golding will be giving them a hard time throughout the campaign, confronting them for their treachery, lies and anti-British views.

Our campaign will be strong, hard-line and overwhelmingly pro-British, and we don't give a damn what nasty names they call us and how many times they try and paint us in a bad light.

We will take on the Islamists, traitors and careerists in London and make their lives hell, because that's what they deserve.

"Hey, Dutchy... Now that we've fleeced these stupid cockwombles out of a bit more cash, d'you fancy a kebab tonight?"

"Go on Men, fuhres - you're well in there!"

"Eeeew - Not Not with you Golding you sexist oaf! I'm only in it for the money - I don't actually like any of you stupid, bigotted, racist Biffers!"

"Derp... Derp... Derp..."

"I wonder what's for tea tonight. I could murder an Indian!"

Thinking aloud, Biffer style.

(Surely you didn't really think it was about abused kids and starving puppies!)

This campaign, however, will not come cheap, but it will be worth every penny because the eyes of the whole country will be transfixed on London for months.

The Britain First leadership team has already worked out a packed timetable of activities and some advanced, innovative ways of reaching millions of voters.

Here is the provisional breakdown for the London 2016 campaign:

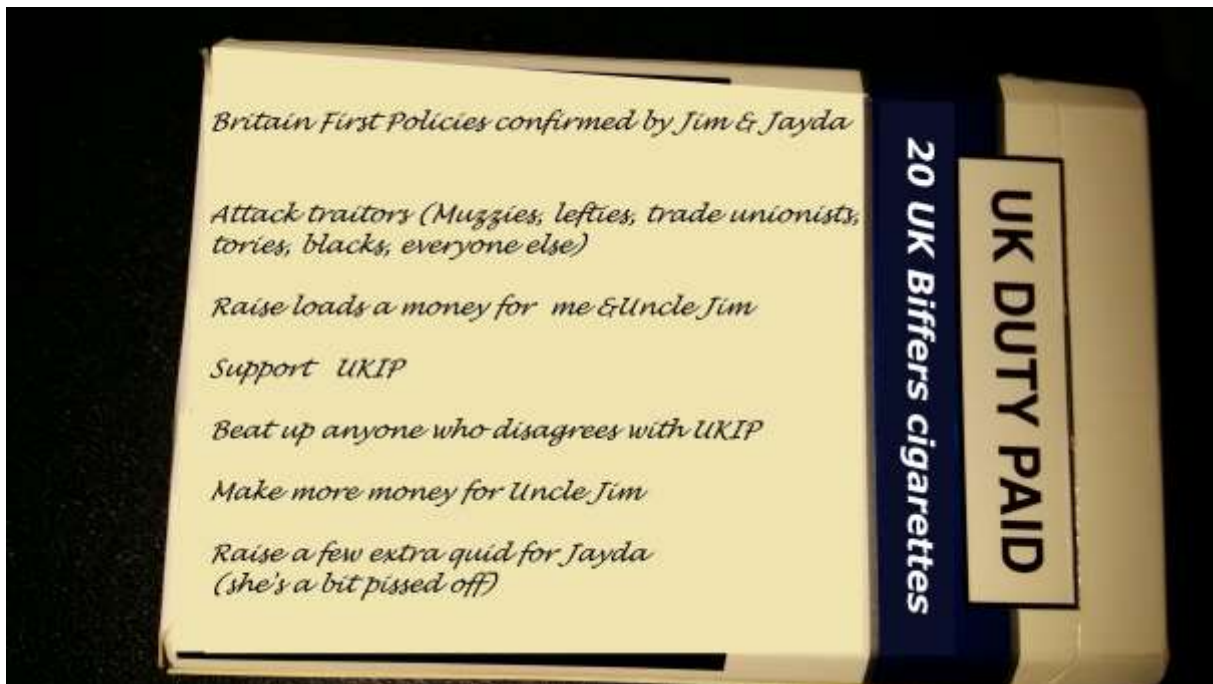

Mayoral Deposit: £10,000

Assembly Deposit: £5,000

Campaign Literature: £10,000

Campaign Costs (Fuel etc): £5,000

TOTAL: £30,000

Pound for pound, we are looking at reaching approximately 4 million people for a cost of around £30,000, not to mention the millions of people who will see Britain First on TV, radio and in the daily newspapers.

It will catapult us into the "Big League" with centre stage recognition as being a serious, credible political contender.

Can you imagine it in your mind's eye: Britain First leader Paul Golding giving the likes of Sadiq Khan, Jeremy Corbyn, David Cameron, Boris Johnson, George Galloway a severe dressing down in front of the TV cameras!

A £30,000 campaign budget is indeed a very large sum of money, but it is not outside of our reach if we all close ranks and do our bit.

The remaining Britons that still live in London need our help badly - last year our people become a minority in our own capital city, and now the Old Gang wants to finish our city off.

If Labour's Muslim extremist candidate becomes Mayor, which is very likely, London will be lost forever.

Thanks to mass immigration, multiculturalism and "White Flight" we won't be able to stand in London next time as it will be an "occupied city".

This is literally the "last chance" to help London before it completely becomes a foreign city, with hardly any Brits left.

This campaign is London's "last stand" - it withstood the blitz, the plague and zeppelins, but it has been murdered by immigration.

All of this is possible, but only if we can raise the £30,000 we need to launch our campaign on the streets of London and online.

Will you take part in this tumultuous campaign to save London before it's too late and is

Britain First begging again

lost forever?

London has been a British city, populated with British people, for many thousands of years, home to some of the greatest British architecture, buildings, institutions, landmarks and historical sites that grace the pages of British history.

We will not let it be taken over and lost to our people without an almighty fight - London is our city, not theirs.

Can Britain First count on your support in this campaign? Will you take part in London's "last stand"?

We need every single member, activist, commanding officer and supporter to chip in to our campaign fund.

When you contribute with a gift of £20, £50, £100 or even £500 or £1,000, it will help build a lasting legacy, a ray of hope for our beleaguered and long suffering people in our beloved capital city.

Please send your most generous gift as soon as possible, it is really crucial to set the wheels in motion immediately.

Please click below to send your contribution today or ring 0208 914 8212 (lines open till 8pm tonight).

If lines are busy, please call back!

I thank you in advance for your commitment and loyalty.

Yours sincerely,

Jayda Fransen

Deputy Leader

PS: We need to get cracking as soon as possible because it will take a long time to raise the necessary funds and make our preparations, so please don't delay. We won't have trade unions or dodgy businessmen shovelling millions

into our coffers at the last minute like the "Old Gang".

Thank you
